

### Spring Home Care Tips

As Spring approaches it's time for a fresh start inside and out. There's nothing quite like a deep clean to signal the start of spring! Follow these simple home maintenance tips to help keep your home in prime working condition.

1. Adjust sprinkler timer for the season & sprinkler heads to assure they spray away from the house
2. Have your air conditioning checked by a licensed professional to make sure it's ready for spring and summer
3. Replace air return filters monthly
4. Weather permitting, open windows to allow fresh air in for cross ventilation

Tending to these simple tasks will help keep your home "house beautiful" as you open the doors to welcome family and friends this spring.

Happy Spring!
